Hi Ralph,

I am attaching a quote for PCB components I need for the impedance project. The quote is for components sufficient for making five boards, hence the cost of \$665.43. I have cc'ed Jabari and will need your approval prior to submitting a purchase request.

Also, I already ordered the PCB and will need reimbursement. I have attached the invoice for \$84.23.

@Jabari Joyner: Once Ralph approves, I will fill out the purchase request form. Also, can you help with the reimbursement as well or do I have to submit to Concur.

Thanks,
Akwasi
